CHAIRMAN'S REVIEW

It's my privilege to present the Annual Report of Merit Packaging Limited for the year ended June 30, 2023.

The economy of Pakistan faced extreme pressure during the outgoing year. With a meager 0.29% GDP growth, the Large Scale Manufacturing witnessed downswing. The Government of Pakistan's steps to curtail imports to avert the default caused a contraction of 2.94% in the industrial sector. Further various challenges like political turmoil, falling foreign currency reserves, massive devaluation of PKR and unprecedented increase in policy rates made the business environment difficult. However, the Company with its unwavering commitment to navigate itself through difficult situations and ensure its continuity succeeded in reducing its loss.

Review of financial performance

Despite these macroeconomic challenges, the Company has been able to sustain growth momentum and registered a considerable increase in revenue by 51% to Rs. 6,340 million and consequently declared a reasonable operating profit of Rs. 278 million, however, the same could not be significantly translated into the bottom-line due to hefty surge in finance costs. The management is more focused towards production efficiency, cost reductions, and some strategic initiatives and is quite hopeful that we will be able to turnaround the Company in the near future.

Board's Function, Decision-Making, and Evaluation

I am pleased to announce that the Board of Directors has diligently fulfilled its responsibilities and roles, playing a significant role in guiding the Company's strategic initiatives. Special attention was given to critical risk areas, and the Board consistently participated in shaping the Company's strategic direction. Recognizing the importance of well-defined corporate governance protocols, the Board is aware of its responsibility in preserving and enhancing stakeholder interests. Each Director, including those designated as Independent, actively participated and contributed to the Board's decision-making procedures. Additionally, the Board conducted its yearly self-evaluation in compliance with the provisions outlined in the Code of Corporate Governance.

Acknowledgment

I want to express my gratitude to our shareholders, customers, bankers, and staff for their confidence and assistance throughout these difficult circumstances. I also wish to convey my appreciation to the members of the Board, the CEO, and all employees for their invaluable dedication and support to our organization.

CHAIRMAN'S REVIEW (URDU)

چیرمین کا جائزہ

جون 30، 2023 کو ختم ہونے والے سال کے لئے میرٹ پیکیجنگ لمیٹڈ کی سالانہ رپورٹ پیش کرنا میرا اعزاز ہے۔

سبکدوش ہونے والے سال کے دوران پاکستان کی معیشت کو انتہائی دباؤ کا سامنا کرنا پڑا۔ معمولی 0.29% جی ڈی پی کی نمو کے ساتھ، بڑے اسکیل مینوفیکچرنگ میں کمی دیکھنے میں آئی۔ حکومت پاکستان کے ڈیفالٹ کو روکنے کے لئے درآمدات کو کم کرنے کے اقدامات سے صنعتی شعبے میں 2.94 فیصد کمی واقع ہوئی۔ مزید یہ کہ سیاسی انتشار، غیر ملکی کرنسی کے ذخائر میں کمی، پی کے آر کی بڑے پیمانے پر قدر میں کمی، اور پالیسی کی شرحوں میں بے مثال اضافے جیسے مختلف چیلنجوں نے کاروباری ماحول کو مشکل بنا دیا۔ تاہم، کمپنی مشکل حالات کے ذریعہ خود کو نیوگیٹ کرنے کے لئے اپنی اٹل وابستگی کے ساتھ اور اس کے تسلسل کو یقینی بنانے سے اس کے نقصان کو کم کرنے میں کامیاب ہو گئی۔

مالی کارکردگی کا جائزہ

ان معاشی چیلنجوں کے باوجود، کمپنی ترقی کی رفتار کو برقرار رکھنے میں کامیاب رہی ہے اور آمدنی میں 51 فیصد اضافے سے 6,340 ملین روپے رجسٹر کیا ہے اور اس کے نتیجے میں 278 ملین روپے کا معقول آپریٹنگ منافع حاصل کیا۔ تاہم، مالی اخراجات میں بھاری اضافے کی وجہ سے 278 ملین روپے، اس کو نمایاں طور پر خالص منافع میں تبدیل نہیں کیا جاسکتا۔ انتظامیہ پیداوار کی کارکردگی، لاگت میں کمی، اور کچھ اسٹریٹجک اقدامات کی طرف زیادہ توجہ مرکوز کرتی ہے اور یہ بات پر امید ہے کہ ہم مستقبل قریب میں کمپنی کو تبدیل کر سکیں گے۔

بورڈ کا فنکشن، فیصلہ سازی، اور تشخیص

مجھے یہ اعلان کرتے ہوئے خوشی ہو رہی ہے کہ بورڈ آف ڈائریکٹرز نے کمپنی کے اسٹریٹجک اقدامات کی رہنمائی میں نمایاں کردار ادا کرتے ہوئے اپنی ذمہ داریوں اور کرداروں کو پوری طرح سے پورا کیا ہے۔ خطرے کے اہم علاقوں پر خصوصی توجہ دی گئی، اور بورڈ نے کمپنی کی اسٹریٹجک سمت کی تشکیل میں مستقل طور پر حصہ لیا۔ اچھی طرح سے طے شدہ کارپوریٹ گورننس پروٹوکول کی اہمیت کو تسلیم کرتے ہوئے، بورڈ اسٹیک ہولڈر مفادات کے تحفظ اور بڑھانے میں اپنی ذمہ داری سے واقف ہے۔ ہر ڈائریکٹر، بشمول آزاد نامزد کردہ افراد سمیت، فعال طور پر حصہ لیا اور بورڈ کے فیصلہ سازی کے طریقہ کار میں حصہ لیا۔ مزید برآں، بورڈ نے کارپوریٹ گورننس کے ضابطہ اخلاق میں بیان کردہ دفعات کی تعمیل میں اپنی سالانہ خود تشخیص کی۔

اعتراف

میں ان مشکل حالات میں اپنے حصص یافتگان، صارفین، بینکروں اور عملے سے ان کے اعتماد اور مدد کے لئے اظہار تشکر کرنا چاہتا ہوں۔ میں بورڈ کے ممبروں، سی ای او، اور تمام ملازمین کو ہماری تنظیم کو ان کی انمول لگن اور مدد کے لئے بھی اپنی تعریف کرنا چاہتا ہوں۔

DIRECTORS' REPORT TO THE MEMBERS

FOR THE YEAR ENDING JUNE 30, 2023.

The Board of Directors of Merit Packaging Limited is pleased to present the Annual Report along with the Company's Audited Financial Statements for the year ended June 30, 2023.

This Directors' Report has been prepared in accordance with Section 227 of the Companies Act, 2017, Listed Companies (Code of Corporate Governance) Regulations 2019, and will be submitted to the members at the 43rd Annual General Meeting to be held on October 19, 2023.

PRINCIPAL ACTIVITIES

For principal activities of the Company please refer to Note 1 of the Financial Statements.

BUSINESS AND ECONOMIC ENVIRONMENT

The outgoing year of 2022-23 has been exceedingly challenging for businesses, especially Large-Scale Manufacturing. Political turmoil continued to impact the country's economy. On the domestic front, foreign exchange reserves dropped to a critical level due to high international fuel and commodity prices and soaring trade deficit resulted in exorbitant inflation. The floods of 2022 further intensified the economic turmoil and fueled inflation. To combat inflationary pressure, the State Bank of Pakistan increased the discount rate to an unprecedented level along with import restrictions in order to slow down the depletion of foreign reserves. These measures by SBP further aggravated the economic and business environment of the Country.

On the international front, the Russia-Ukraine conflict has driven international fuel and commodity prices upwards with disruption in the global supply chain and production.

In order to combat these challenges, the management of the Company kept close relationships with key suppliers and maintained strong ties with customers. Furthermore, the management remained cognizant of production costs.

FINANCIAL PERFORMANCE

During the tough economic situations, the Company's turnaround remained on track with a few speed bumps. Core Operating profit improved to PKR 295mn in FY23 from PKR 82.6mn in FY22, an improvement of 257% YoY. Operating Profit for FY23 improved to 278.7mn from PKR 92.8mn in FY22, up by 200%. On a Net profit basis, the company incurred a Loss of PKR 136.6mn in FY23 from PKR 168.1mn in FY22 with Financial charges and Tax accounting for this along with some one-off impairments booked on receivables. The company booked a one-off impairment of PKR 40mn in FY23 to further clean the balance sheet. The Loss per Share clocked in at PKR 0.68 in FY23 from PKR 0.84 in FY22.

The topline of the Company has been increasing steadily over the years. Materializing the opportunities to improve margin by delivering quality products to customers at reduced costs. The management is negotiating with other well-known customers to take them on board and increase its volume and revenue in the coming years.

In the year 2022-23, Merit Packaging Limited increased its topline by 51.63 % which is Rs. 2,159 million higher than last year. The company's finance cost increased due to an exorbitant increase in discount rate which eroded the bottom line. There is an element of financial charges on the sponsor loan which is not paid out but expensed. This helps improve cash generation for the company.

FUTURE PROSPECTS

The current economic situation coupled with the international conflict between Russia and Ukraine is expected to continue. The political turmoil is further putting excessive pressure on the already precarious state of the economy. Furthermore, the constant high discount rate and import rationing by SBP are exacerbating the business environment. These unwarranted circumstances pose significant challenges for the Company. However, a recent deal with the International Monetary Fund (IMF) in the shape of a Stand-By-Agreement (SBA) lifted some pressure off the economy through the inflow of loans from the IMF and other multilateral. We expect further stability of the economy with political stability expected after the election this year. Despite these challenges, the Company is making all efforts to keep and increase its profitability through engagement with key suppliers, customers, and financial institutions. We are ensuring to insulate the Company from these challenges and navigate it through these difficult socio-economic situations. We have started working with our customers to increase localization in packaging solutions for them which will not only help them but also help improve our margins going forward.

کاروبار اور معاشی ماحول
سبکدوش ہونے والا سال 2022-23 کاروبار، خاص طور پر بڑے پیمانے پر اسکیل مینوفیکچرنگ کے لئے انتہائی مشکل رہا ہے۔ سیاسی ہنگاموں نے ملک کی معیشت کو متاثر کیا۔ مقامی محاذ پر، بین الاقوامی ایندھن اور اجناس کی قیمتوں میں اضافے اور تجارتی خسارے میں اضافے کی وجہ سے زر مبادلہ کے ذخائر سب سے کم سطح پر گر گئے جس کے نتیجے میں افراط زر زیادہ ہوا۔ 2022 کے سیلاب نے معاشی ہنگاموں کو مزید تیز کر دیا اور افراط زر کو ہوا دی۔ افراط زر کے دباؤ سے نمٹنے کے لئے، ریاستی بینک آف پاکستان نے غیر ملکی ذخائر کی کمی کو کم کرنے کے لئے درآمدی پابندیوں کے ساتھ ساتھ سود کی شرح کو غیر معمولی سطح تک بڑھا دیا۔ ایس بی پی کے ان اقدامات نے ملک کے معاشی اور کاروباری ماحول کو مزید بڑھا دیا۔
بین الاقوامی محاذ پر، روس-یوکرین تنازعہ نے عالمی سپلائی چین اور پیداوار میں خلل ڈالنے کے ساتھ بین الاقوامی ایندھن اور اجناس کی قیمتوں کو اوپر کی طرف بڑھایا ہے۔ ان چیلنجوں سے نمٹنے کے لئے، کمپنی کے انتظام نے کلیدی سپلائرز کے ساتھ قریبی تعلقات رکھے اور صارفین کے ساتھ مضبوط تعلقات برقرار رکھے۔ مزید برآں، انتظامیہ پیداواری لاگت سے واقف رہی۔

مالی کارکردگی

سخت معاشی حالات کے دوران، کمپنی کا رخ کچھ رکاوٹوں کے ساتھ ٹریک پر رہا۔ مالی منافع مالی سال 22 میں 252.9 ملین پاکستانی روپیہ سے مالی سال 23 میں 491.6 ملین روپے میں بہتر ہوا، جو سال میں 257 بڑھائی کی بہتری ہے۔ مالی سال 23 کے لئے آپریٹنگ منافع میں مالی سال 22 میں پاکستانی روپے سے 278.7 ملین پاکستانی روپے میں بہتری آئی، جس میں 200 فیصد اضافہ ہوا۔ خالص منافع کی بنیاد پر، اس کمپنی نے مالی سال 22 میں پاکستانی روپے سے مالی سال 23 میں 168.1 ملین سے مالی سال 22 میں 136.6 ملین پاکستانی روپیہ کا نقصان اٹھایا اور اس کے لئے مالی معاوضے اور ٹیکس اکاؤنٹنگ کے ساتھ ساتھ کچھ ایک دفعہ خرابی بھی عائد کی گئی ہے وصول کرنے والے کمپنی نے بیلنس شیٹ کو مزید صاف کرنے کے لئے مالی سال 23 میں پاکستانی روپے کی 40 ملین کی ایک خرابی بک کر لی۔ مالی سال 22 میں پاکستانی روپیہ 0.84 سے مالی سال 23 میں پاکستانی روپیہ 0.68 میں نی شیئر نقصان ہوا۔
کم لاگت پر صارفین کو معیاری مصنوعات کی فراہمی کے ذریعہ مارجن کو بہتر بنانے کے مواقع کو پورا کرتے ہوئے کمپنی کی ٹاپلائن گذشتہ برسوں کے دوران مستقل طور پر بڑھ رہی ہے۔ انتظامیہ دوسرے معروف صارفین کے ساتھ بات چیت کر رہی ہے تاکہ وہ شامل ہوں اور آنے والے سالوں میں اس کے حجم اور محصول میں اضافہ کریں۔

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The following are the Key audit matters:

S. No	Key audit matters	How the matter was addressed in our audit

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements by the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows and together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) in our opinion, no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980.

The engagement partner on the audit resulting in this independent auditor's report is Tariq Feroz Khan.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the presentation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

5.1 Property, plant and equipment

5.1.1 Owned

These are stated at cost less accumulated depreciation and impairment losses, if any, except for leasehold land, building on leasehold land and plant and machinery which are stated at revalued amount less accumulated depreciation and impairment losses, if any.

Depreciation is charged using the straight line method at the specified rates as disclosed in note 6 of the financial statements, whereby the cost or revalued amount of an asset less estimated residual value, if not insignificant, is written off over its estimated useful life.

The asset's residual values and useful lives are reviewed at each financial year end and adjusted if impact on depreciation is significant. Full month's depreciation is charged on addition except in case of revaluation where revaluation is conducted in the last reporting month the impact of depreciation on the revalued amount is not recognised given the fact that the amount is immaterial. Whereas, no depreciation is charged in the month of disposal or deletion of assets.

Incremental depreciation charged for the year on revalued assets is transferred from surplus on revaluation of property, plant and equipment to retained earnings during the year.

Maintenance costs and normal repairs are charged to statement of profit or loss as and when incurred. Major renewals and improvements are capitalized when it is probable that respective future economic benefits will flow to the Company and the cost of the item can be measured reliably and the assets so replaced, if any, are retired.

Gains and losses on disposal of property, plant and equipment are taken to the statement of profit or loss, and the related surplus on revaluation is transferred directly to retained earnings.

5.1.2 Leased

a) Right of use assets

The right-of-use asset is initially measured at the amount of lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct cost incurred and an estimate of cost to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using straight line method from the date of commencement date to the earlier of the end of useful life of the right of use asset or the end of the lease term. The estimated useful lives of the right of use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by the impairment losses, if any, and adjusted for certain remeasurement of the lease liability.

b) Lease liability

The lease liability is initially measured at the present value of the future lease payments over the lease term, discounted using the specific incremental borrowing rate. Subsequently, lease liabilities are measured at amortized cost using the effective interest rate method.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

It is remeasured when there is a change in future lease payments arising from a change in the rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

5.1.3 Capital work-in-progress

Capital work-in-progress are stated at cost and consists of expenditure incurred, advances made and other costs directly attributable to operating fixed assets in the course of their construction and installation. Cost also includes applicable borrowing costs. Transfers are made to relevant operating fixed assets category as and when assets are available for use intended by the management.

5.2 Intangible assets

Intangible assets are recognized when it is probable that the expected future economic benefits will flow to the Company. Intangible assets are measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost of the intangible asset (i.e. computer softwares) includes purchase cost and directly attributable expenses incidental to bring the asset for its intended use.

Expenditure which enhances the performance of computer software beyond its original specification and useful life is recognized as a capital improvement and added to the original cost of the software.

Amortization is provided on a straight line basis at the rates disclosed in note 8 to the financial statements. Amortization on addition to intangible assets is charged from the month of addition while no amortization is charged for the month of disposal or deletion of assets. Costs associated with maintaining computer softwares are recognized as an expense as and when incurred.

5.3 Stores and spares

Stores and spares are stated at cost which is determined by using weighted average method except for goods in transit which are valued at cost comprising invoice value plus other charges paid thereon. Adequate provision is made for slow moving and obsolete items on periodic basis.

Spare parts of capital nature which can be used only in connection with an item of property, plant and equipment are classified as operating fixed assets under "Plant and machinery" category and are depreciated over a time period not exceeding the useful life of the related assets.

5.4 Stock-in-trade

Stock-in-trade are stated at lower of weighted average cost and net realizable value, except for goods in transit which are stated at cost. Cost of work-in-process and finished goods comprises cost of direct material, labor and appropriate portion of manufacturing overheads. Adequate provision is made for slow moving and obsolete items on periodic basis.

Net realizable value signifies the estimated selling price in the ordinary course of business less cost necessary to be incurred to make the sale.

5.5 Trade debts and other receivables

Trade debts and other receivables are carried at original invoice amount being the fair value of the consideration to be received in future. An estimated allowance for expected credit losses is made against trade debts on the basis of lifetime expected credit loss model whereas debts considered irrecoverable are written off.

5.6 Taxation

5.6.1 Current

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

5.6.2 Deferred

Deferred tax is recognized using the statement of financial position liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date.

The Company recognizes deferred tax asset/liability on deficit/surplus on revaluation of property, plant and equipment which is adjusted against the related deficit/surplus.

5.7 Surplus on revaluation of property, plant and equipment

Any revaluation increase arising on the revaluation of land, buildings, leasehold improvements and plant and machinery is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant and equipment", except to the extent that it reverses a revaluation decrease for the same asset.

Previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously charged. Any decrease in carrying amount arising on the revaluation of land, buildings, leasehold improvements and plant and machinery is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset.

The revaluation reserve is not available for distribution to the Company's shareholders. The surplus on revaluation to the extent of incremental depreciation charged (net of deferred tax) is transferred to Accumulated Profit / (Loss).

5.8 Borrowings and their cost

Borrowings are recognized initially at fair value net of transaction cost incurred.

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs, if any, are capitalized as part of the cost of that asset.

5.9 Trade and other payables

Liabilities for trade and other amounts payable are stated at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

5.10 Provisions

A provision is recognized in the statement of financial position when the Company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and amount of that obligation can be measured reliably. Provisions are not recognised for future operating losses. Provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimates.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

5.11 Impairment losses

The Company assesses at each reporting date whether there is any indication that assets other than stores and spares, stock in trade and deferred tax assets may be impaired. If such an indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss, if any.

Where carrying values exceed the estimated recoverable amount, assets are written down to the recoverable amounts and the resulting impairment loss is recognized as expense in the statement of profit or loss, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease.

5.12 Contingencies

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

5.13 Financial instruments

5.13.1 Financial assets

The Company classifies its financial assets in the following categories: at fair value through profit or loss, fair value through other comprehensive income and amortized cost. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. All the financial assets of the Company as at statement of financial position date are carried at amortized cost.

Amortized cost

A financial asset is measured at amortized cost if it meets both the following conditions and is not designated as at fair value through profit or loss:

- (i) it is held with in a business model whose objective is to hold assets to collect contractual cash flows; and
- (ii) its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is initially measured at fair value plus transaction costs that are directly attributable to its acquisition.

Impairment

The Company recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost and contract assets. The Company measures loss allowance at an amount equal to lifetime ECLs under simplified approach and 12 months life time under general approach.

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

At each reporting date, the Company assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assets have occurred.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

5.13.2 Financial liabilities

All financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respect of carrying amounts is recognized in the statement of profit or loss.

5.14 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if the Company has a legally enforceable right to set-off the recognized amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

5.15 Foreign currency translation

Transactions in foreign currencies are translated into Pak rupees at the exchange rates prevailing at the date of transactions. 5.24 Significant accounting judgements and critical accounting estimates / assumptions

It also requires management to exercise its judgement in the process of applying the Company's accounting policies. Estimates, assumptions and judgments are continually evaluated and are based on historic experience and other factors including reasonable expectations of future events. Revisions to accounting estimates are recognized prospectively commencing from the period of revision.

Judgments and estimates made by the management that may have a significant risk of material adjustments to the financial statements in subsequent years are discussed as follow:

5.24.1 Property, plant and equipment

The estimates for revalued amounts, if any, of different classes of property, plant and equipment, are based on valuation performed by external and internal professional valuers and recommendation of technical teams of the Company. The said recommendations also include estimates with respect to residual values and depreciable lives. Further, the Company reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding affect on the depreciation charge and impairment.

The Company has made estimates for realizable amount of slow moving and obsolete stores, spares and stock-in-trade to determine provision for slow moving and obsolete items. Cost of sales	30	184,573,951	189,475,259
General and administrative expenses	31	4,217,287	2,122,156
Selling and distribution expenses	32	619,171	497,847
		<u>189,410,409</u>	<u>192,095,262</u>

- 6.7** The Company had revalued its leasehold land, building and improvement on leasehold land and plant and machinery on September 01, 2004, June 25, 2009, June 30, 2012, May 27, 2016, July 2, 2018, June 1, 2021 by an independent valuer M/s. Akbani & Javed Associates and on June 27, 2023 by an independent valuer M/s Joseph Lobo (Private) Limited on the basis of market value.

The incremental value of the building / improvement on leasehold land and plant and machinery so revalued are being depreciated over the remaining useful lives of these assets at the date of revaluation.

Revaluation surplus amounting to Rs. 1,391.502 million includes revaluation surplus on land which remains undepreciated as at June 30, 2023.

In current year, estimated forced sales value of revalued assets was Rs. 3,358.501 million.

- 6.8** Had there been no revaluation, the net book value of the specific classes of property, plant and equipment would have been as follows:

	Net book value	
	2023 Rupees	2022 Rupees
Leasehold land	608,737	608,737
Building / Improvements on leasehold land	290,510,685	213,848,610

	<u>1,993,221,009</u>	<u>2,026,502,773</u>

6.9 Fair value measurement

- 6.9.1** Fair value of property, plant and equipment are based on the valuations carried out by an independent valuer on the basis of market value.

- 6.9.2** Fair value of land and building are based on assumptions considered to be level 2 in the fair value hierarchy due to significant observable inputs used in the valuation, while fair value of plant and machinery are considered to be level 3 in the fair value hierarchy due to significant unobservable inputs used in the valuation.

Fair value of land and building has been derived using a sales comparison approach. Sale prices of comparable land and buildings in close proximity are adjusted for differences in key attributes such as location and size of the property. Moreover value of building also depends upon the type of construction, age and quality. The most significant input in this valuation approach is price / rate per square foot in particular locality.

Valuation techniques used to derive level 3 fair values - Plant and Machinery

In the absence of current prices in an active market, the fair value is determined by taking into account the following factors:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2023

- Make, model, country of origin etc.;
- Operational capacity;
- Resale prospects; and
- Obsolescence.

The valuation is considered to be level 3 in the fair value hierarchy due to the above unobservable inputs used in the valuation. Most significant input in this valuation is the current replacement cost which is adjusted for factors above.

6.9.3 A reconciliation from opening balances to closing balances of fair value measurements categorised in level 3 is provided below:

38 RETIREMENT BENEFIT

38.1 Defined benefit plan

The scheme provides for terminal benefits for all its permanent employees who qualify for the scheme at varying percentages of last drawn basic salary. The percentage depends on the number of service years with the Company. Annual charge is based on actuarial valuation carried out as at June 30, 2023, using the Projected Unit Credit Actuarial Cost Method.

The Company faces the following risks on account of gratuity:

Salary Increase Risk - the risk that the final salary at the time of cessation of service is greater than what we assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

Longevity Risks - The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

Withdrawal Risk - The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

Investment Risks - The risk arises when the actual performance of the investments is lower than expectation and thus creating a shortfall in the funding objectives.

46 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

46.1 Risk management policies

The Company's objective in managing risks is the creation and protection of share holders' value. Risk is inherent in the Company's activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Company's continuing profitability. The Company is exposed to credit risk, liquidity risk and market risk (which includes interest rate risk and other price risk) arising from the financial instruments it holds.

The Company finances its operations through equity, borrowings and management of working capital with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

46.2 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties fail to perform as contracted and arises principally from trade and other receivables. The Company's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines and regulatory requirements.

NOTES TO THE FINANCIAL STATEMENTS

At reporting date, if the PKR had strengthened by 10% against the US Dollar with all other variables held constant, post-tax loss / profit for the year would have been lower / higher by the amount shown below, mainly as a result of net foreign exchange gain / loss on net foreign currency exposure at reporting date.

	Average rate		Reporting date rate	
	2023	2022	2023	2022
	(Rupees in thousands)			
Effect on (loss) or profit	1,223	1,861	1,223	1,861

The sensitivity analysis prepared is not necessarily indicative of the effects on (loss) / profit for the year and assets / liabilities of the Company.

46.4.2 Interest rate risk
