Merit Packaging Limited is committed to reduce impact on natural environment and taking effective actions on climate change. We believe in our business growth by managing our environmental impacts and by pursuing proper environmental management system.

We consider energy consumption, water consumption, greenhouse gases, biodiversity, environmental impact from our products and products end of life, local pollution, material, chemicals and waste.

We work with others to promote environmental protection across our value chain, increase understanding of environmental impacts amongst our stakeholders and with other companies.

We comply with all applicable regulatory requirements connected with environmental management system and to fulfil its compliance obligations.

This Environment Policy commits to:

- Identify and mitigate the environment risks as per our hazard identification, risk assessment and mitigation process.
- Investigate and report the environmental incidents in order to prevent recurrence.
- Set the annual environmental objectives for monitoring and continually improving the environmental safety.
- carry out periodical training of workers and staff to follow the environmental system with utmost care and responsibility.
- Conduct audits of environmental management systems to verify the effectiveness.
